# CLIMATE CHANGE VULNERABILITY ASSESSMENT STAKEHOLDER WORKSHOP

**Date:** June 25, 2019

**Time:** 10:00am – 4:00pm

**Place:** Town of Truckee Council Chambers

**Objectives:** Local experts and stakeholders identify and prioritize climate change risks and vulnerabilities in all major sectors of the community. Local knowledge and expertise is combined with climate science and model projections to identify and prioritize local vulnerabilities based on exposure, sensitivity, and adaptive capacity. Scientific information and localized knowledge are shared and a common understanding of impacts and vulnerabilities is developed.

## **Agenda**

10:00-10:15 am	Welcome and Overview
10:15-10:25 am	Warm up and introductions
10:25-10:40 am	Exploring local values
10:40-11:00 am	Local climate change trends and community context
11:00-11:15 am	Break out group introductions
11:15-12:00 pm	Identify and prioritize risks in sector-based breakout groups
12:00-12:30 pm	Lunch
12:30-2:00 pm	Assess vulnerabilities (complete matrix for high priority risks)
2:00-2:10 pm	Break
2:10-2:55 pm	Assess vulnerabilities (continued)
2:55-3:15 pm	Report backs from breakout groups
3:15-3:30 pm	Participants provide feedback/ideas to other breakout groups
3:30-3:40 pm	Participants prioritize risks across sectors
3:40-4:00 pm	Closing, next steps, debrief, and evaluations
